

**Urgent Care
Assurance Company, RRG**

UCAC Employee Benefits+

What is UCAC Employee Benefits+?

About UCAC Employee Benefits+

-  Comprehensive partially self-funded solution with defined and capped risk and costs significantly below traditional health insurance
-  It's a plan you own vs. an insurance plan that you lease
-  Unlike traditional insurance, it takes a proactive approach to healthcare resulting in savings and flexibility

About UCAC Employee Benefits+

-  Allows Urgent Care centers to participate, if desired, in delivering employee wellness and medical service delivery
-  Provides quarterly details on claim results and other management information
-  Unused funds remain on deposit in your account earning interest
-  Financing is included to spread out the cost that may come from claims fluctuation

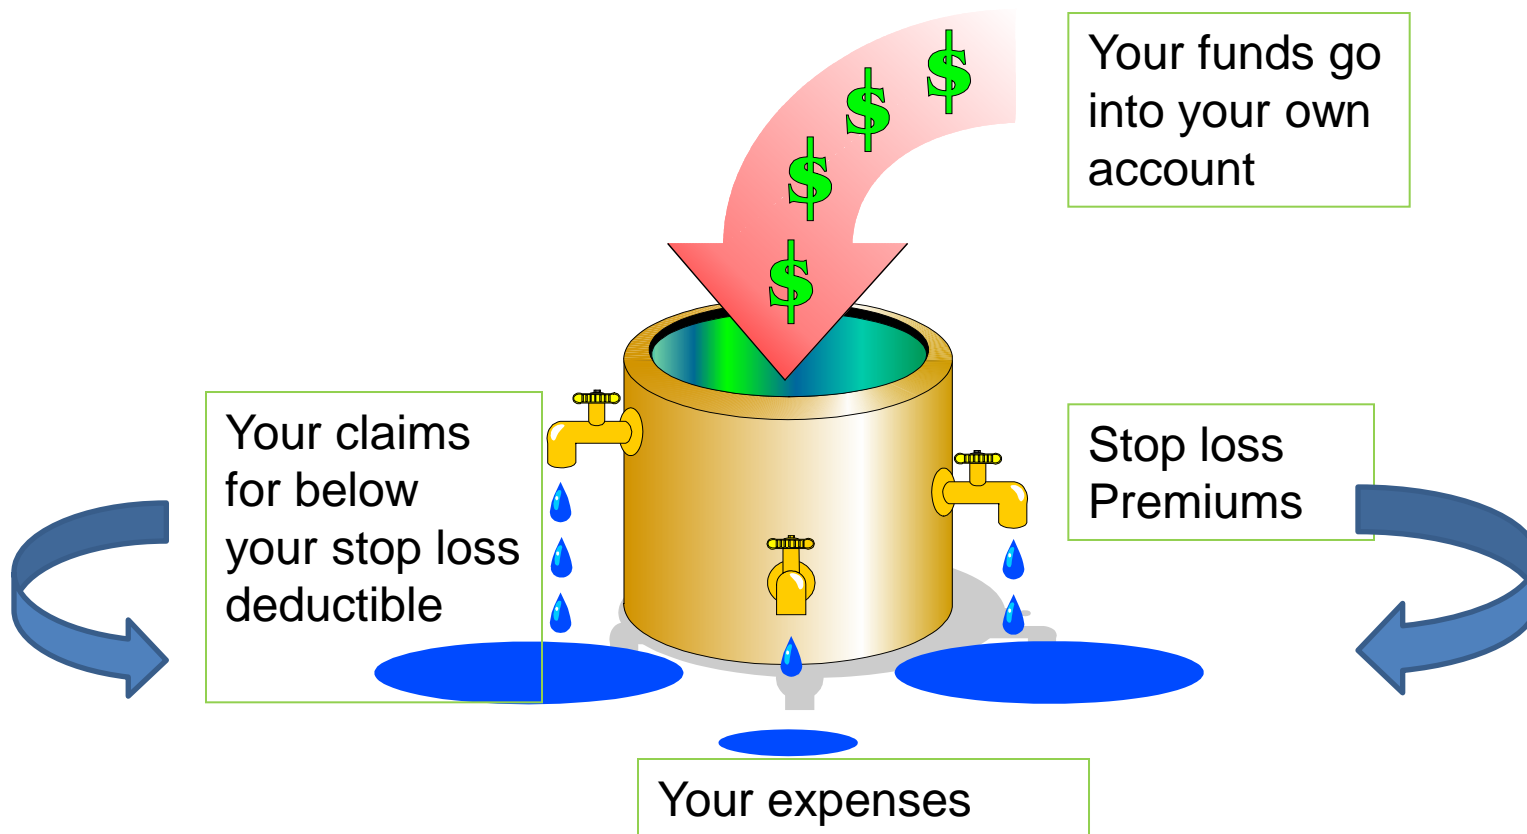

About UCAC Employee Benefits+

-  You become a member/owner in Urgent Care Assurance Company with the opportunity to purchase both group malpractice insurance and employee healthcare
-  Member/owners have the opportunity for dividends based on underwriting profits, investment income and increased share value of the company
-  Members are treated like owners not numbers

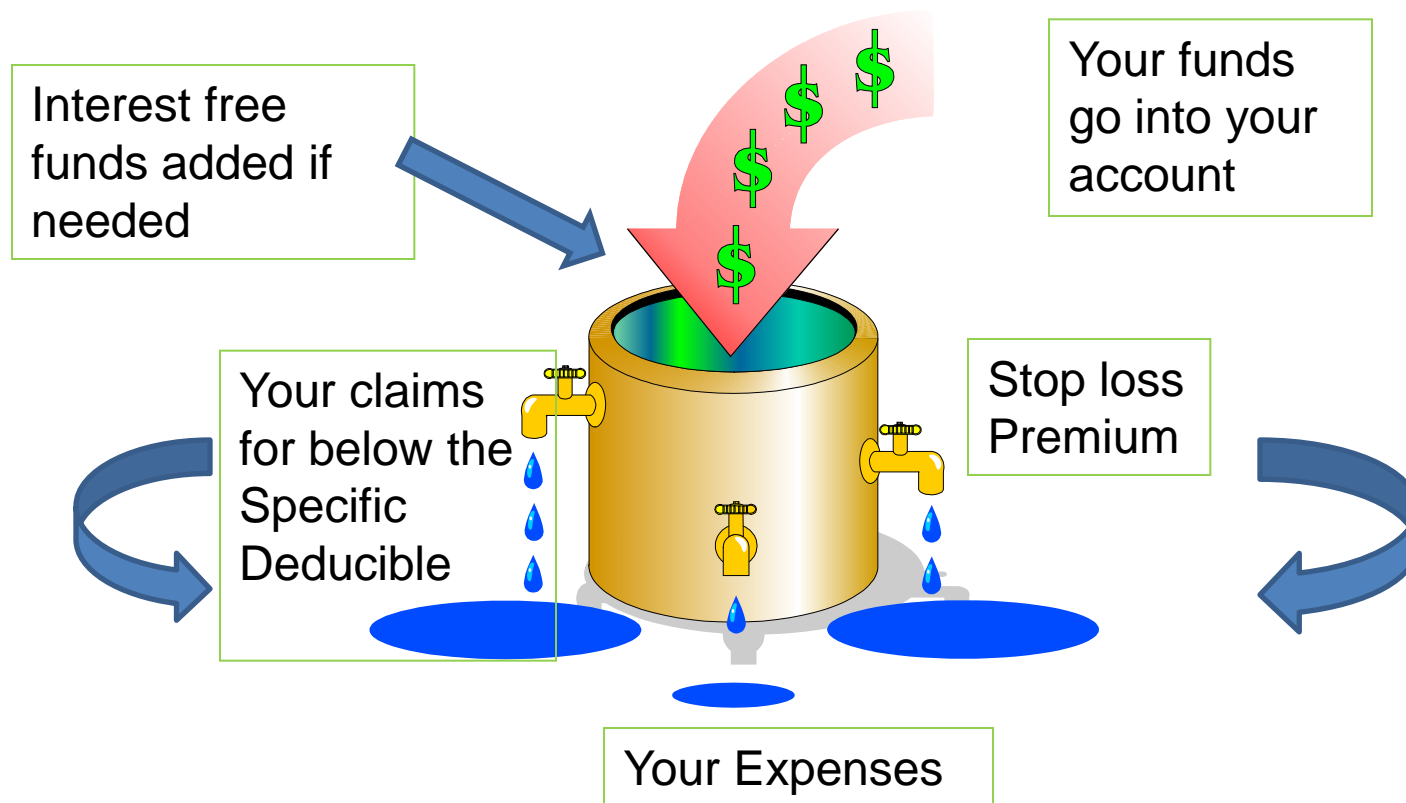

How it Works

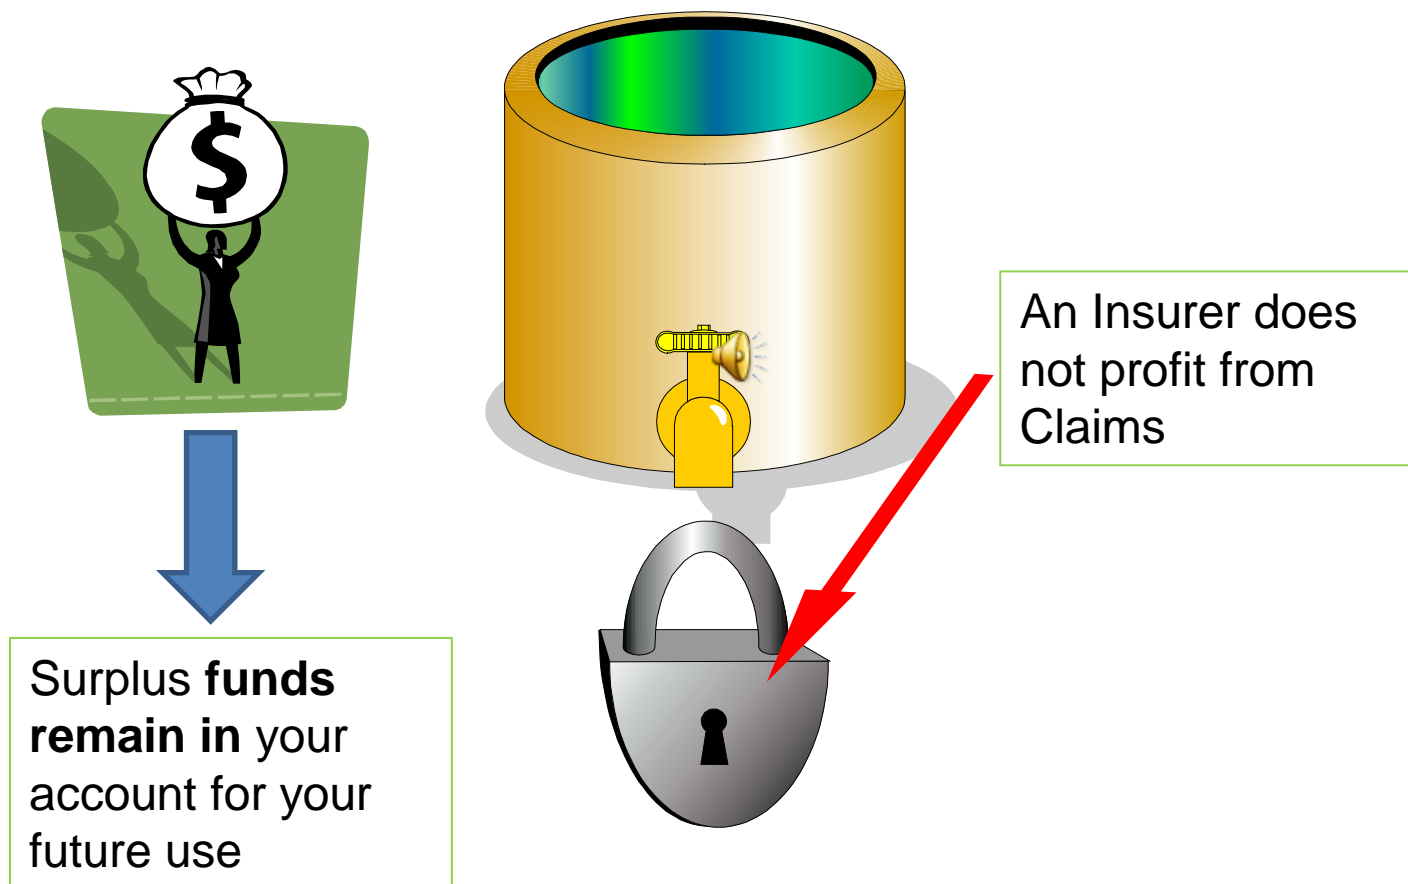

How it Works

How it Works

How it Works

Focus on Your Health

Focus on Your Health

 The plan provides an annual blood test and health analysis for Employees and an enrolled spouse.

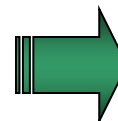

Strategies:

Components:

Goals:

Discovery

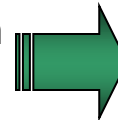

- Worksite Health Evaluations

Aware, Discover, Engage

Education

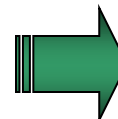

- Persona Health Report
- Reportinteractivehs.com
- News to Use
- Health News
- Outcome Reporting

Engage, Understand, Educate, Maintain, Call to Action

Control

- HealthFocus

Act, Educate, Control

Focus on Your Health

-  Early detection, diagnosis and treatment of disease is the key to slowing the rising cost of healthcare
-  Fewer hospitalizations and Surgeries not only help in the cost of the plan today, but will help to hold down cost into the future
-  With proper diagnosis and treatment, productivity from your workforce improves

The best claim we can help you with is the one we help you avoid!

A blurred photograph of a medical professional, likely a doctor or nurse, wearing a blue scrub top and a stethoscope. The professional is holding a large, circular, silver-rimmed object, possibly a magnifying glass or a large stethoscope head, in the foreground. The background is a solid blue color.

Reporting & Repayments

Reporting and Repayments

- UCAC A quarterly Report Card is provided
 - UCAC Includes all sources and uses of funds, and surplus or loan balances
- UCAC Repayments if needed are reviewed quarterly

Why it Works

Why it Works

-  Your payments to healthcare become an investment rather than an expense
-  You reap the benefits of improving health
-  You get information you can use to manage your future healthcare expense rather than just pay for it
-  You replace a short term insurance model with a long term strategy to control healthcare spending
